

April 29, 2006

To Whom It May Concern,

I recommend Ginny Baughman to you for employment. Ginny is a dedicated faculty member of the Dublin Arts Council.

Ginny has taught with Dublin Arts Council for the four years it has been offering classes, workshops and summer camps. Ginny has offered classes for each age group, from our youngest audience members through adult students.

Ginny has had a great deal of success attracting teen students to the arts council. While the arts council has found this group's interests elusive, Ginny's teen canvas painting and drawing courses were sold out last summer and are doing well again this year. She has also offered a successful series of home school classes. The home school program is a group of three classes offered over the course of one academic year. These courses are planned and taught in line with the Ohio Academic Standards. The course evaluations that have been filled out for Ginny's classes have been positive.

Ginny is creative, energetic and motivated. I have found her to be very open to feedback and genuinely interested in the ongoing development of her teaching skills and class offerings. This is evident in adjustments made to her classes based on feedback given by her students and Dublin Arts Council staff. Ginny has a strong desire to connect with her students and provide them an enriching artistic experience.

I recommend Ginny Baughman to you. I would be happy to comment on this recommendation further, or answer any questions you may have.

Sincerely,

Missy Donovan
Education and Evaluation Manager
